The organizers invite authors to submit abstracts for consideration and inclusion in the programme. Abstracts must be sent by **May 2, 2016** and must focus on the following topics:

- Animal models of cancer
- Autophagy, apoptosis, necrosis and senescence
- Cancer genetics, genomics and epigenetics
- Cancer modeling and imaging
- Cancer stem cells
- Carcinogenesis
- Cell adhesion, migration, invasion and metastasis
- Cell metabolism
- Chemoprevention and early detection
- DNA damage and molecular responses to damage
- Drug resistance
- Experimental therapeutics
- Molecular and genetic epidemiology
- Molecular pathology
- Nanotechnology
- Non-coding RNAs
- Novel therapeutic targets
- Oncogenes and tumor suppressor genes
- Personalized medicine
- Prognostic and predictive biomarkers
- Signal transduction and intracellular trafficking
- System biology and OMICS technologies
- Tumor heterogeneity
- Tumor immunology and immunotherapy
- Tumor microenvironment: inflammation, hypoxia and angiogenesis

Abstracts must be written in English and must not exceed 2,500 characters (including blanks and excluding the title and the authors).

All submitted abstracts will be reviewed by a Scientific Committee and selected for oral or poster presentations (sizes: cm 70x100h.). Abstracts must be sent using the online form. Abstracts sent in any other way will not be accepted.

Notification of acceptance or rejection, together with information about session, date, time and type of presentation, will follow.

**Each Author can present only one abstract.**

Abstracts will be included in the Programme and in the Abstract book only if the Presenting Author will be regularly registered in the Congress.
